

I cannot thank you enough for being part of our Staff Retreat. So many people came to me during the day to express how much they enjoyed your diversity keynote "Get Out Of Your Bubble!" as well as the breakout sessions. Your keynote resonated with everyone who was present and people walked away not only having enjoyed themselves but having learned something.

Thank you again and I look forward to continuing working together.

Monique L. Austin, M.Ed.
Diversity Coordinator

Staff have come up to me and were very thankful for the event, particularly hearing from you and the variety of sessions. I like to thank Monique as well in this email because she had recommended you to the planning committee!

Again, thank you so much for the level of care and focus to include this year's theme into your presentation. It was great to see the theme throughout your presentation and the audience was very engaged.

Thank you.

Mirlen A. Mal
Vice President for Human Resources
