

February 10, 2012

Larry and Ron,

On behalf of myself, the rest of the staff, and all our teens I want to thank you for helping to make our convention last weekend amazing. We loved having you and The Black-Jew Dialogues program as part of our weekend, and appreciate you taking the time to lead sessions for us.

Your workshop and performance were funny, informative, and inspiring. I really appreciate the message you work so hard to promote, both with us and everywhere else. As I mentioned, I will definitely be talking BJD up to my BBYO colleagues around the country. If you have any marketing materials or tour schedule I can share with them via email, please send that along as well.

Travel safely during the rest of your tour, and thanks again for a wonderful program!

Aaron Bock
Program Director
